

Mean Wind Power Density of Missouri at 100 Meters

Final Wind Map

Projection: Transverse Mercator, Zone 15

Spatial Resolution of Wind Resource Data: 200m

This map was created by AWS Truewind using the MesoMap system and historical weather data. Although it is believed to represent an accurate overall picture of the wind energy resource, estimates at any location should be confirmed by measurement.

The transmission line information was obtained by AWS Truewind from the Platts POWERmap Transmission Line Layer. AWS does not warrant the accuracy of the transmission line information.
